To the Public.

For Senator, having made his circulation in my City, and more than twice out of my other papers here, renders it for the cheapest and most dearest medium in Milwaukee for all classes of Advertising.

EVERY BUSINESS MAN who conducts his own interest, will always do so to the best advantage, especially when he can do so at the same prices charged by other papers, and secure more than double the amount of circulation.

This is no boast, but a strict word to the wise.

The August Elections.

North Carolina has gone for the Democracy by a reduced majority, and will, without doubt, give its Electoral vote to Mr. BANCROFT.

Kentucky elects Gen. LEON COOPER (the BELL and EVERETT candidate) as Clerk of the Court of Appeals, by some ten thousand majority over his BRECKINRIDGE opponent, McCARTHY. The DOUGLAS candidate, BOLLING, was last in the race and distanced at that.

The returns from Missouri are most encouraging. FRANK P. BLAINE, the gallant Republican standard-bearer, is elected to Congress from the St. Louis District, by an overwhelming majority over his DOUGLAS competitor, BARRETT.

Thus far, the "signs of the times," in the Southern States, are all adverse to DOUGLAS and favorable to LINCOLN.

The Campaign in New York.

A Republican mass meeting was held in Batavia, Genesee county, on Thursday last. Speeches were made by Senator WILSON, Hon. JOHN COVODON and J. H. MARTINDALE, Esq., of Rochester. One feature in the procession from the town of Byron created much amusement. Upon a huge truck, drawn by 12 oxen, profusely decorated with flags, was mounted a rail cut out log. As fast as the rails were split, they were appropriately labelled "Squatter Sovereignty," "Non Intercourse," "Bell," "Everett," "Douglas," "Lyon," "Johnson," "Fernando Wood," &c., &c. Two especially tough rails were respectively inscribed "Buchanan" and "Douglas." This delegation was received at the Batavia "Wide-Awakes," and the rails were presented to the Club and piled up in the Club room. In the evening, says the Rochester *Democrat*, there was a Wide-Awake display. The entire town was illuminated, and the enthusiasm among the ten to fifteen thousand people who packed the streets, was equal to anything ever before known in a Presidential campaign. The Rochester club numbered 108 torches, and with the band and several others who went along, there were 160 who took the five o'clock train, filling three cars. From Le Roy there was a club with about 100 torches. Batavia furnished about as many more. An extra train of nine cars came in from Buffalo, all of them densely packed, and about 350 of them with the Wide-Awakes dress and torches. There must have been, judging from the manner the platforms and tops of the cars were covered, nearly 1,000 on this train—all the other Clubs had their torches lighted up, eight bands playing, and cannon firing, the scene was one of the most animating ever witnessed at a political gathering anywhere.

The North Carolina Election.

The news of Sunday, under the impression that the BELL men had carried North Carolina, thus expresses itself:

The news that has received such heavy Opposition gains, and indicate that the Union party may have carried the State, but were not fully prepared for such a result, is that the BELL men have not yet carried the State, and we have very little hope of carrying it. We have all the reasons to believe that the BELL and Everett candidate, Mr. F. P. BELL, has been stamping about the State for some weeks, and the Democratic party has been stamping about the State for months. Perhaps this will open the eyes of the BELL men, for they may have been blind to all the signs of the times, and the result of the election.

Yesterday, however, the telegraph reported a Democratic triumph in North Carolina, and the news suddenly changed its tune and direction in this wise:

The Democracy of North Carolina were not divided at the State election. Mr. BELL, the Democratic candidate, was beaten, and the BELL men, after an arduous battle, were beaten.

The news was, however, that the BELL men had carried the State, and we have very little hope of carrying it. We have all the reasons to believe that the BELL and Everett candidate, Mr. F. P. Stamping for the Presidency.

Mr. DOUGLASS now at Saratoga, and when he leaves that place he intends to repair to North Carolina, ostensibly on private business, but in reality for the purpose of following up JON LANE, who was also seized with a sudden desire for travel, after receiving the nomination of the Compromised Convention for the Vice Presidency. This stamping for the highest office in the gift of the people is an innovation on old usage, which does not add much to the responsibility of our national politics, and presents an example which we earnestly hope will not be extensively imitated. JEFFERSON selected a correct public sentiment when he said that the Presidency was too high an office to be sought for, or declined—a declaration which the candidates of both wings of the Democracy should respect, notwithstanding their contempt for the teachings of the founders of the government.

In referring to the recent appearance of Mr. DOUGLASS on the rostrum, advocating his own election to the Presidency, the St. Louis *Democrat* indulges in the following remarks. They will apply with equal force to Mr. BRACKINERIDGE, who has suffered him self to be "brought" into the delivery of "short speeches" on several occasions since his nomination:

"Nothing marks the degeneracy of the Democratic party more clearly than the means resorted to by Douglass for advancing his cause. The man who, in the first instance, had so nobly conducted his party to victory, has now adopted a course which is calculated to bring it into disrepute, and to render it odious to all but those who are most abominable in their character."

The body of one party which is headed by Brockinridge. Under every circumstance he is faithful to the one character of demagogue. He carries the tactics of the vulgar, third-class politician into the struggle for the Presidency, and, like a scoundrel, is vagabonding all over New England and New York, and availing himself of every bait at a railroad depot to make a stamp speech, and to secure the votes of the public.

LATEST NEWS!

JY LAST NIGHT'S REPORT

The Election in Missouri.

St. Louis, Aug. 7—3 P.M.—Eighteen preachers head, five from Blair (Rep.) \$1,817 maj. for the short term, and 2,231 min. for the long term.

John A. Dix, Aug. 7—3 P.M.—There are still four preachers to hear which, two years ago, gave Barrett about 100 majority. The vote has been a very heavy one, being an increase of about 700 over the vote in 1858.

Everything passed off quietly, and without disturbance of any nature, as far as heard from.

Bartell's majority for the short term is about 45, and though the result is said to be, it is generally conceded that he is elected.

Trott, the Union candidate, received about 4,300 votes, which is a loss of 700 since 1858.

So far, Blair's majority over Bartell for the short term is about 2,000, Oren, Union candidate for Government, receives, has a majority in this District of 2,000.

The legislative ticket is in doubt, but it favors the Republicans. The Republicans now expect a majority of the county officers.
